SalmoPrime

Premium Quality Salmon from Chile

About Us

At SalmoPrime, we are dedicated to the production and export of the highest quality salmon, cultivated in the pristine waters of Puerto Montt, Chile. Our company combines aquaculture tradition with cutting-edge technology to offer a product that exceeds the most demanding international standards.

With over 15 years of experience in the sector, we have perfected every stage of our process: from egg selection to final packaging, ensuring a fresh, safe product with exceptional flavor. Our commitment to sustainability and animal welfare distinguishes us in the market.

We work with the best chefs and restaurants worldwide, providing the star ingredient for memorable culinary creations. More than a product, we offer a gastronomic experience that elevates any dish to excellence.

Our Products

All our products comply with international standards for export from Chile to any country. We guarantee quality and safety for human consumption.
